Subject: Evaluation of MAREX SUBSEA WELDS services

Page
1 | 1

Dear sirs,

Boskalis Offshore BV contracted Marex Subsea Welds Ltd to assist on a scope of work for the underwater installation of steel structures on a sheet pile wall in IJmuiden the Netherlands. The project code is **MSSW-UW-07102024-BOSKALIS**.

All underwater welding was done under the Boskalis WPS according the AWS D3.6M:2017 Class A coded wet welds.

The project was very successful and done within the timeframe issued by the client. Throughout the scope Marex were found to be highly professional and very knowledgeable in the sphere of wet welding. MSSW were also very cooperative in all aspects of the operation and provided a service to the highest quality. Boskalis Offshore BV would consider utilizing their services for future campaigns.
